MILES AHEAD

IT DOESN'T JUST MAKE DELIVERIES, IT SETS THE EXAMPLE.

In your line of work, people rely on you. That's because you keep shelves stocked and their business flowing. Which is why your team drives the International® DuraStar.™ Synchronized and extended service intervals reduce maintenance visits, which help save you money and keep you on the road. While breakaway mirrors and a three-piece hood make repairs quick, easy, and less expensive. Add in a spacious, ergonomically designed cab, with a best-in-class HVAC system and you get a truck that works hard, stays out on the road, and keeps everyone comfortable stop after stop, day after day. The International DuraStar. Miles ahead and raising the bar.

MILES AHEAD

1

Our swept-back, front windshield comes with over 2,000 sq. in. of glass that offers a commanding view of the road.

2

Two-way breakaway mirrors and three-piece hood reduce repair costs.

3

Diamond Logic® Electrical System offers standard convenience and safety features like automated pre-trip inspection and parking brake alarm.

4

Our distinctive, chrome grille and variety of different color options add style to performance.

5

Our optimized drivetrain performance matches transmission shift points with engine power curves for better responsiveness, reliability and fuel economy.

6

The set-back front axle with up to 50-degree wheel cut offers better handling and a tighter turning radius.

7

Upgraded interior, with a new color scheme, that feature a new instrument cluster, cup holders, door handles and map pockets.
